APPLICATION FOR CONSIDERATION FOR ADMISSION
GENERAL INFORMATION

This facility is a 120-bed skilled nursing facility. Additionally, we offer rehabilitation services such as: Physical, Occupational & Speech therapy and Restorative Programs, all under the direct supervision of trained qualified therapists. Hospice and Respite Services are also available.

There is a four-step applicant qualifying process that is as follows:

- All documents required by the home must be completed before the application can be processed. Most of these documents are VA, Financial and Medical.
- The completed application will be reviewed by our admission team.
- If on our waiting list, a reassessment will be scheduled before actually admitting the resident.
- Whether your application is approved or disapproved for our waiting list or direct admission, you will be notified by telephone or mail.

The basic requirements for Admission to the Nursing Home are as follows:

- A signed and complete application packet must be returned to the facility by mail or in person.
- Veteran as determined under Chapter 1.01 (14), Florida Statutes (Honorably Discharged from Active Duty).
- Resident of Florida at time of application.
- In need of nursing home care for a medical condition that requires services which fall within the level of care the home has resources and functional ability to provide.
- Complete Application for Admission (notarized page 2: Form 54).
- Complete CF-MED 3008 dated within 30 days of admission.
- History and Physical (if applicant is currently hospitalized) stating the applicant is free of communicable diseases.
- Results of a Chest x-ray taken within the 12 months.

Room and board monthly payments are calculated based on each resident’s personal income (SS, VA benefits, pensions, interest, required minimum distribution(s), etc.), minus $130.00 monthly allowance for personal needs. The maximum cost per day is $202.88 for a semi-private room and $204.40 for a private room. Should the resident’s income exceed the maximum cost per day, other charges may ensue (medications). We require the resident to apply for Medicaid upon admission to help defray the cost of care. The daily rate will include:

- Room and Board
- 24-hour RN Nursing Services
- Licensed Clinical and BSW Social Services
- Certified and Therapeutic Activities
- Restorative Nursing Care
- Daily meals and snacks designed by a Registered Dietician
- Housekeeping and Laundry Services
- Maintenance and free limited television programming
- Free local private phone calls
- Durable and Medical Supplies
- Unit Dose Prescription Medication
- Nutritional Supplements

Non-routine services, which are not covered in the daily room rate, include but not limited to:
- Dental Care at any level
- Hearing Aide repair / replacements
- X-ray Services
- Laboratory Charges
- Physical, Occupational and Speech Therapy
- Physician visits such as attending, Podiatrist, Ophthalmologist
- Private Sitters or Personal Care Attendants
- Transportation or non-emergency ambulance travel
- Beauty / Barber charges (Cash or Resident Trust Fund needed)

If over the daily maximum monetary limit, then the following services are not covered in the daily room rate:
- Unit Dose Prescription Medication

**MEDICAID**

Medicaid pays the Nursing Home an established daily room rate per day minus the resident’s gross income and $130.00 monthly allowance for personal needs.

**ELIGIBILITY FOR THE PERSON IN THE NURSING HOME:**

For an individual to be eligible for ICP Medicaid assistance, there are four requirements considered, which are: an assessment by the Department of Elder Affairs, income limits, asset limits, and a five-year “look back” period.

The income limit to determine eligibility changes yearly and changes are made per Medicaid guidelines as established by the Department of Children and Families.

**FOR YOUR SPOUSE AT HOME:**

When an individual qualifies for Medicaid, the spouse gets to keep his or her own income regardless of the amount. To find out if you qualify for this benefit, you must check with the Medicaid program office handling your application.

**HOW DO I APPLY FOR BENEFITS?**

If we feel as though the resident meets the above criteria, or will meet the criteria soon after entering a skilled nursing home, we will assist with the Medicaid application within 10 days of admission. If criteria are met before admission to a skilled nursing home, an application can be filed with Department of Children and Families Services 30 days prior to admission.
MEDICARE

While it is true that Medicare will pay for up to 100 days of skilled nursing home care, the resident must first have a three day hospital qualifying stay and the care received must not be primarily for custodial purposes.

* There is a Medicare Part A co-insurance daily rate due from the resident while under a Medicare Part A stay beginning with the 21st day of covered services, and this rate changes annually based on Medicare. Your supplemental insurance or Medicaid (if applicable) may pay this co-insurance. Please be sure to give the Admission Coordinator your supplemental insurance information at time of admission. If there are any changes to your primary or supplemental insurance policies after admission, the Business Office must be contacted within 10 calendar days of any change(s). Failure to do so may result in the resident incurring any and/or all incurred charges for services.

You must also remember that as resident progresses in their recovery, a determination will be made as to the level of care still required. At some point during recovery, skilled nursing or rehabilitative care may no longer be needed and Medicare payments will cease.

This authorization does not extend to any other organization without my further written consent. This authorization will remain in effect until the earlier of the following events: (1) I file a written revocation with VA, or (2) I appoint another representative, or (3) I have been determined unable to manage my financial affairs and the individual or organization named in Item 3A is not my appointed fiduciary.

   I, the claimant named in Items 1 or 2, hereby appoint the service organization named in Item 3A as my representative to prepare, present and prosecute my claim(s) for any and all benefits from the Department of Veterans Affairs (VA) based on the service of the veteran named in Item 1. I authorize VA to release any and all of my records, to include disclosure of my Federal tax information (other than as provided in Items 12 and 13), to my appointed service organization. I understand that the service organization I have appointed as my representative may revoke this appointment at any time, subject to 38 CFR 20.608. In such cases, the assignment of the service organization as the veteran's representative is valid for only five years from the date the claimant signs this form for purposes restricted to the verification match. Signed and accepted subject to the foregoing conditions.

5 If the transcript or tax information is to be mailed to a third party (such as a mortgage company), enter the third party’s name, address, and telephone number.

Caution: If the transcript is being mailed to a third party, ensure that you have filled in lines 6 through 9 before signing. Sign and date the form once you have filled in these lines. Completing these steps helps to protect your privacy. Once the IRS discloses your tax transcript to the third party listed on line 5, the IRS has no control over what the third party does with the information. If you would like to limit the third party’s authority to disclose your transcript information, you can specify this limitation in your written agreement with the third party.

6 Transcript requested. Enter the tax form number here (1040, 1065, 1120, etc.) and check the appropriate box below. Enter only one tax form number per request.

a Return Transcript, which includes most of the line items of a tax return as filed with the IRS. A tax return transcript does not reflect changes made to the account after the return is processed. Transcripts are only available for the following returns: Form 1040 series, Form 1065, Form 1120, Form 1120-A, Form 1120-H, Form 1120-L, and Form 1120S. Return transcripts are available for the current year and returns processed during the prior 3 processing years. Most requests will be processed within 10 business days.

b Account Transcript, which contains information on the financial status of the account, such as payments made on the account, penalty assessments, and adjustments made by you or the IRS after the return was filed. Return information is limited to items such as tax liability and estimated tax payments. Account transcripts are available for most returns. Most requests will be processed within 10 business days.

c Record of Account, which provides the most detailed information as it is a combination of the Return Transcript and the Account Transcript. Available for current year and 3 prior tax years. Most requests will be processed within 10 business days.

7 Verification of Nonfiling, which is proof of the IRS that you did not file a return for the year. Current year requests are only available after June 15th. There are no availability restrictions on prior year requests. Most requests will be processed within 10 business days.

8 Form W-2, Form 1099 series, Form 1098 series, or Form 5498 series transcript. The IRS can provide a transcript that includes data from these information returns. State or local information is not included with the Form W-2 information. The IRS may be able to provide this transcript information for up to 10 years. Information for the current year is generally not available until the year after it is filed with the IRS. For example, W-2 information for 2011, filed in 2012, will likely not be available from the IRS until 2013. If you need W-2 information for retirement purposes, you should contact the Social Security Administration at 1-800-772-1213. Most requests will be processed within 10 business days.

Caution: If you need a copy of Form W-2 or Form 1099, you should first contact the payer. To get a copy of the Form W-2 or Form 1099 filed with your return, you must use Form 4506 and request a copy of your return, which includes all attachments.

9 Year or period requested. Enter the ending date of the year or period, using the mm/dd/yyyy format. If you are requesting more than four years or periods, you must attach another Form 4506-T. For requests relating to quarterly tax returns, such as Form 941, you must enter each quarter or tax period separately.

Caution: Do not sign this form unless all applicable lines have been completed.

Signature of taxpayer(s). I declare that I am either the taxpayer whose name is shown on line 1a or 2a, or a person authorized to obtain the tax information requested. If the request applies to a joint return, at least one spouse must sign. If signed by a corporate officer, 1 percent or more shareholder, partner, managing member, guardian, tax matters partner, executor, receiver, administrator, trustee, or party other than the taxpayer, I certify that I have the authority to execute Form 4506-T on behalf of the taxpayer. HEALTH CARE ADVANCED DIRECTIVES
The Patient’s Right to Decide
The following information is being provided from the Agency for Healthcare Administration:
www:ahca.myflorida.com/mchq

Introduction
Every competent adult has the right to make decisions concerning his or her own health, including the right to choose or refuse medical treatment.

When a person becomes unable to make decisions due to a physical or mental change, such as being in a coma or developing dementia (like Alzheimer’s disease), they are considered incapacitated. To make sure that an incapacitated person’s decisions about health care will still be respected, the Florida legislature enacted legislation pertaining to health care advance directives (Chapter 765, Florida Statutes). The law recognizes the right of a competent adult to make an advance directive instructing his or her physician to provide, withhold or withdraw life-prolonging procedures, to designate another individual to make treatment decisions if the person becomes unable to make his or her own decisions and/or to indicate the desire to make an anatomical donation after death.

By law hospitals, nursing homes, home health agencies, hospices and health maintenance organizations (HMOs) are required to provide their patients with written information, such as this pamphlet, concerning health care advance directives. The state rules that require this include 58A-2.0232, 59A-3.254, 59A-4.106, 59A-8.0245 and 59A-12.013, Florida Administrative Code.

Questions About Health Care Advance Directives

What is an advance directive?
It is a written or oral statement about how you want medical decisions made should you not be able to make them yourself. It can also express your wish to make an anatomical donation after death. Some people make advance directives when they are diagnosed with a life-threatening illness and others put their wishes into writing while they are healthy, often as part of their estate planning.

Three types of advance directives are:

- A Living Will
- A Health Care Surrogate Designation
- An Anatomical Donation

You might choose to complete one, two or all three of these forms. This pamphlet provides information to help you decide what will best serve your needs.

What is a living will?
It is a written or oral statement of the kind of medical care you want or do not want if you become unable to make your own decisions. It is called a living will because it takes effect while you are still living. You may wish to speak to your health care provider or attorney to be certain you have completed the living will in a way that your wishes will be understood.

What is a health care surrogate designation?
It is a document naming another person as your representative to make medical decisions for you if you are unable to make them yourself. You can include instructions about any treatment you want or do not want, similar to a living will. You can also designate an alternate surrogate.

Which is best?
Depending on your individual needs you may wish to complete any one or a combination of the three types of advance directives.

What is an anatomical donation?
It is a document that indicates your wish to donate at death, all or part of your body. This can be an organ and tissue donation to persons in need, or donation of your body for training of health care workers. You can indicate your choice to be an organ donor by designating it on your driver’s license or state identification card (at your nearest driver’s license office), signing a uniform donor form (seen elsewhere in this pamphlet) or expressing your wish in a living will.
Am I required to have an advance directive under Florida law?
No, there is no legal requirement to complete an advance directive. However, if you have not made an advance directive, decisions about your health care or an anatomical donation may be made for you by a court-appointed guardian, your wife or husband, your adult child, your parent, your adult sibling, an adult relative or a close friend. The person making decisions for you may or may not be aware of your wishes. When you make an advance directive and discuss it with the significant people in your life, it will better assure that your wishes will be carried out the way you want.

Must an attorney prepare the advance directive?
No, the procedures are simple and do not require an attorney, though you may choose to consult one. However, an advance directive, whether it is a written document or an oral statement, needs to be witnessed by two individuals. At least one of the witnesses cannot be a spouse or a blood relative.

Where can I find advance directive forms?
Florida law provides a sample of each of the following forms: a living will, a health care surrogate and an anatomical donation. Elsewhere in this pamphlet are included sample forms as well as resources where you may find more information and other types of advance directive forms.

Can I change my mind after I write an advance directive?
Yes, you may change or cancel an advance directive at any time. Any changes should be written, signed and dated. However, you may also change an advance directive by oral statement; physical destruction of the advance directive or by writing a new advance directive. If your driver’s license or state identification card indicates you are an organ donor but you no longer want this designation, contact the nearest driver’s license office to cancel the donor designation and a new license or card will be issued to you.

What if I have filled out an advance directive in another state and need treatment in Florida?
An advance directive completed in another state, as described in that state’s law, may be honored in Florida.

What should I do with my advance directive if I choose to have one?
• If you designate a health care surrogate and an alternate surrogate be sure to ask them if they agree to take this responsibility, discuss how you would like matters handled and give them a copy of the document.
• Make sure that your health care provider, attorney, and the significant persons in your life know that you have an advance directive and where it is located. You also may want to give them a copy.
• Set up a file where you keep a copy of your advance directive (and other important paperwork). Some people keep original papers in a bank safety deposit box. If you do, you may want to keep copies at your house or information concerning the location of your safety deposit box.
• Keep a card or note in your purse or wallet that states that you have an advance directive and where it is located.
• If you change your advance directive, make sure your health care provider, attorney and the significant persons in your life have the latest copy.

If you have questions about your advance directive you may want to discuss these with your health care provider, attorney or the significant persons in your life.

Additional Information Regarding Health Care Advance Directives

Before making a decision about advance directives you might want to consider additional options and other sources of information, including the following:

• As an alternative or in addition to a health care surrogate, you might want to designate a durable power of attorney. Through a written document you can name another person to act on your behalf. It is similar to a health care surrogate, but the person can be designated to perform a variety of activities (financial, legal, medical, etc.). You may consult an attorney for further information or read Chapter 709, Florida Statutes.

If you choose someone as your durable power of attorney be sure to ask the person if he or she will agree to take this responsibility, discuss how you would like matters handled, and give the person a copy of the document.
• If you are terminally ill (or if you have a loved one who is in a persistent vegetative state) you may want to consider having a pre-hospital Do Not Resuscitate Order (DNRO). A DNRO identifies people who do not wish to be resuscitated from respiratory or cardiac arrest. The pre-hospital DNRO is a specific yellow form available from the Florida Department of Health (DOH). Your attorney, health care provider or an ambulance service may also have copies available for your use. You, or your legal representative and your physician sign the DNRO form. More information is available on the DOH website, www.doh.state.fl.us or www.MyFlorida.com (type DNRO in these website search engines) or call (850) 245-4440.

If you are admitted to a hospital the pre-hospital DNRO may be used during your hospital stay or the hospital may have its own form and procedure for documenting a Do Not Resuscitate Order.

• If a person chooses to donate, after death, his or her body for medical training and research the donation will be coordinated by the Anatomical Board of the State of Florida. You, or your survivors must arrange with a local funeral home and pay for a preliminary embalming and transportation of the body to the Anatomical Board located in Gainesville, Florida. After being used for medical education or research, the body will ordinarily be cremated. The remains will be returned to the loved ones, if requested at the time of donation or the Anatomical Board will spread the remains over the Gulf of Mexico. For further information contact the Anatomical Board of the State of Florida at (800) 628-2594 or visit their website at www.med.ufl.edu/anatbd.

• If you would like to read more about organ and tissue donation to persons in need you can view the Agency for Health Care Administration’s website at www.fdhc.state.fl.us (Click on “Site Index,” then scroll down to “Organ Donors”) or the federal government site www.organdonor.gov. If you have further questions you may want to talk with your health care provider.

• Various organizations also make advance directive forms available. One such document is “Five Wishes” that includes a living will and a health care surrogate designation. “Five Wishes” gives you the opportunity to specify if you want tube feeding, assistance with breathing, pain medication and other details that might bring you comfort such as what kind of music you might like to hear, among other things.
