APPLICATION FOR CONSIDERATION FOR ADMISSION

GENERAL INFORMATION

This facility is a 120-bed skilled nursing facility of which 58 beds are dedicated to the care of veterans with Alzheimer’s. Additionally, we offer rehabilitation services such as: Physical, Occupational & Speech therapy and Restorative Programs, all under the direct supervision of trained qualified therapists. Hospice and Respite Services are also available.

There is a four-step applicant qualifying process that is as follows:

- **All documents required by the home must be completed before the application can be processed.** Most of these documents are VA, Financial and Medical.
- The completed application will be reviewed by our admission team.
- If on our waiting list, a reassessment will be scheduled before actually admitting the resident.
- Whether your application is approved or disapproved for our waiting list or direct admission, you will be notified by telephone or mail.

The basic requirements for Admission to the Nursing Home are as follows:

- A signed and complete application packet must be returned to the facility by mail or in person.
- Veteran as determined under Chapter 1.01 (14), Florida Statutes (Honorably Discharged from Active Duty).
- Resident of Florida at time of application.
- In need of nursing home care for a medical condition that requires services which fall within the level of care the home has resources and functional ability to provide.
- Complete Application for Admission (notarized page 2: Form 54).
- Complete CF-MED 3008 dated within 30 days of admission.
- History and Physical (if applicant is currently hospitalized) stating the applicant is free of communicable diseases.
- Results of a Chest x-ray taken within the 12 months.

Room and board monthly payments are calculated based on each resident’s personal income (SS, VA benefits, pensions, interest, required minimum distribution(s), etc.), minus $130.00 monthly allowance for personal needs. The maximum cost per day is $205.29 for a semi-private room and $207.83 for a private room. Should the resident’s income exceed the maximum cost per day, other charges may ensue (medications). We require the resident to apply for Medicaid upon admission to help defray the cost of care. The daily rate will include:

- Room and Board
- 24-hour RN Nursing Services
- Licensed Clinical and BSW Social Services
- Certified and Therapeutic Activities
- Restorative Nursing Care
- Daily meals and snacks designed by a Registered Dietician
- Housekeeping and Laundry Services
- Maintenance and free limited television programming
- Free local private phone calls
- Durable and Medical Supplies
- Unit Dose Prescription Medication
- Nutritional Supplements

Non-routine services, which are not covered in the daily room rate, include but not limited to:
- Dental Care at any level
- Hearing Aide repair / replacements
- X-ray Services
- Laboratory Charges
- Physical, Occupational and Speech Therapy
- Physician visits such as attending, Podiatrist, Ophthalmologist
- Private Sitters or Personal Care Attendants
- Transportation or non-emergency ambulance travel
- Beauty / Barber charges (Cash or Resident Trust Fund needed)

If over the daily maximum monetary limit, then the following services are not covered in the daily room rate:
- Unit Dose Prescription Medication

**ALZHEIMER / TRANSITIONAL / MEMORY UNIT**

**PURPOSE:** It is the purpose of the Baldomero Lopez State Veterans’ Nursing Home Memory Care Unit to offer the most appropriate level of care to meet the physical, mental and psychosocial needs while simultaneously striving to maximize their quality of life in an appropriate and caring environment, through specifically designed programs developed for these particular resident’s.

**PHILOSOPHY OF CARE:** To create a therapeutic, supportive, safe environment considering the sensory, physical, and cognitive losses of the Alzheimer resident (s). Based upon resident needs, memory impaired, dementia, and other appropriate residents who might benefit from our program may also live on this unit.

To provide daily care (taking into consideration the Alzheimer resident sense of reality) along with interacting in an empathetic, accepting and patient manner, so our outcomes enhance their living.

To encourage involvement of families by increasing their perception of control, ability to make decisions and their knowledge base of resident’s functioning level as it declines.

**PROCEDURE:** Pre-screening for this Unit is completed by one of our clinical staff to insure appropriate placement. If the resident’s diagnosis and medical condition meets our criteria for placement, the family or responsible party will be contacted.

**MEDICAID**
Medicaid pays the Nursing Home an established daily room rate per day minus the resident’s gross income and $130.00 monthly allowance for personal needs.
ELIGIBILITY FOR THE PERSON IN THE NURSING HOME:

For an individual to be eligible for ICP Medicaid assistance, there are four requirements considered, which are: an assessment by the Department of Elder Affairs, income limits, asset limits, and a five-year “look back” period.

The income limit to determine eligibility changes yearly and changes are made per Medicaid guidelines as established by the Department of Children and Families.

FOR YOUR SPOUSE AT HOME:

When an individual qualifies for Medicaid, the spouse gets to keep his or her own income regardless of the amount. To find out if you qualify for this benefit, you must check with the Medicaid program office handling your application.

HOW DO I APPLY FOR BENEFITS?

If we feel as though the resident meets the above criteria, or will meet the criteria soon after entering a skilled nursing home, we will assist with the Medicaid application within 10 days of admission. If criteria are met before admission to a skilled nursing home, an application can be filed with Department of Children and Families Services 30 days prior to admission.

MEDICARE

While it is true that Medicare will pay for up to 100 days of skilled nursing home care, the resident must first have a three day hospital qualifying stay and the care received must not be primarily for custodial purposes.

* There is a Medicare Part A co-insurance daily rate due from the resident while under a Medicare Part A stay beginning with the 21st day of covered services, and this rate changes annually based on Medicare. Your supplemental insurance or Medicaid (if applicable) may pay this co-insurance. Please be sure to give the Admission Coordinator your supplemental insurance information at time of admission. If there are any changes to your primary or supplemental insurance policies after admission, the Business Office must be contacted within 10 calendar days of any change(s). Failure to do so may result in the resident incurring any and/or all incurred charges for services.

You must also remember that as resident progresses in their recovery, a determination will be made as to the level of care still required. At some point during recovery, skilled nursing or rehabilitative care may no longer be needed and Medicare payments will cease.

ASSIGNMENT OF BENEFITS

I understand that pursuant to 38 U.S.C. Section 1729 and 42 U.S.C. 2651, the Department of Veterans Affairs (VA) is authorized to recover or collect from my health plan (HP) or any other legally responsible third party for the reasonable charges of nonservice-connected VA medical care or services furnished or provided to me. I hereby authorize payment directly to VA from any HP under which I am covered (including coverage provided under my spouse's HP) that is responsible for payment of the charges for my medical care, including benefits otherwise payable to me or my spouse. I hereby appoint the Attorney General of the United States and the Secretary of Veterans' Affairs and their designees as my Attorneys-in-fact to take all necessary and appropriate actions in order to recover and receive all or part of the amount herein assigned. I hereby authorize the VA to disclose, to my attorney and to any third party or administrative agency who may be responsible for payment of the cost of medical services provided to me, information from my medical records as necessary to verify my claim. Further, I hereby authorize any such third party or administrative agency to disclose to the VA any information regarding my claim.

5. Previous address shown on the last return filed if different from line 3 (see instructions)
6. If the transcript or tax information is to be mailed to a third party (such as a mortgage company), enter the third party's name, address, and telephone number.

**Caution:** If the tax transcript is being mailed to a third party, ensure that you have filled in lines 6 through 9 before signing. Sign and date the form once you have filled in these lines. Completing these steps helps to protect your privacy. Once the IRS discloses your tax transcript to the third party listed on line 5, the IRS has no control over what the third party does with the information. If you would like to limit the third party’s authority to disclose your transcript information, you can specify this limitation in your written agreement with the third party.

6. Transcript requested. Enter the tax form number here (1040, 1065, 1120, etc.) and check the appropriate box below. Enter only one tax form number per request.
   a. Return Transcript, which includes most of the line items of a tax return as filed with the IRS. A tax return transcript does not reflect changes made to the account after the return is processed. Transcripts are only available for the following returns: Form 1040 series, Form 1065, Form 1120, Form 1120-A, Form 1120-H, Form 1120-L, and Form 1120S. Return transcripts are available for the current year and returns processed during the prior 3 processing years. Most requests will be processed within 10 business days.
   b. Account Transcript, which contains information on the financial status of the account, such as payments made on the account, penalty assessments, and adjustments made by you or the IRS after the return was filed. Return information is limited to items such as tax liability and estimated tax payments. Account transcripts are available for most returns. Most requests will be processed within 10 business days.
   c. Record of Account, which provides the most detailed information as it is a combination of the Return Transcript and the Account Transcript. Available for current year and 3 prior tax years. Most requests will be processed within 10 business days.
   d. Verification of Nonfiling, which is proof from the IRS that you did not file a return for the year. Current year requests are only available after June 15th. There are no availability restrictions on prior year requests. Most requests will be processed within 10 business days.
   e. Form W-2, Form 1099 series, Form 1098 series, or Form 5498 series transcript. The IRS can provide a transcript that includes data from these information returns. State or local information is not included with the Form W-2 information. The IRS may be able to provide this transcript information for up to 10 years. Information for the current year is generally not available until the year after it is filed with the IRS. For example, W-2 information for 2011, filed in 2012, will likely not be available from the IRS until 2013. If you need W-2 information for retirement purposes, you should contact the Social Security Administration at 1-800-772-1213. Most requests will be processed within 10 business days.
   f. Caution: If you need a copy of Form W-2 or Form 1099, you should first contact the payer. To get a copy of the Form W-2 or Form 1099 filed with your return, you must use Form 4506 and request a copy of your return, which includes all attachments.

7. Year or period requested. Enter the ending date of the year or period, using the mm/dd/yyyy format. If you are requesting more than one year or period, you must attach another Form 4506-T. For requests relating to quarterly tax returns, such as Form 941, you must enter each quarter or tax period separately.

8. Signature of taxpayer(s). I declare that I am either the taxpayer whose name is shown on line 1a or 2a, or a person authorized to obtain the tax information requested. If the request applies to a joint return, at least one spouse must sign. If signed by a corporate officer, 1 percent or more shareholder, partner, managing member, guardian, tax matters partner, executor, receiver, administrator, trustee, or party other than the taxpayer, I certify that I have the authority to execute Form 4506-T on behalf of the taxpayer. Otherwise, enter the first social security number (SSN) or your individual taxpayer identification number (ITIN) shown on the return. For example, if you are requesting Form 1040 that includes Schedule C (Form 1040), enter your SSN.

Line 3. Enter your current address. If you use a P.O. box, include it on this line.

Line 4. Enter the address shown on the last return filed if different from the address entered on line 3.

Note: If the addresses on lines 3 and 4 are different and you cannot change your address with the IRS, file Form 8822, Change of Address. For a business address, file Form 8822-B, Change of Address or Responsible Party — Business. Line 6. Enter only one tax form number per request.

Signature and date. Form 4506-T must be signed and dated by the taxpayer listed on line 1a of 2a. The IRS must receive Form 4506-T within 120 days of the date signed by the taxpayer or it will be rejected. Ensure that all applicable lines are completed before signing.

You must check the box in the signature area to acknowledge you have the authority to sign and request the information. The form will not be processed and returned to you if the box is unmarked.

Individuals. Transcripts of jointly filed tax returns may be furnished to either spouse. Only one signature is required. Sign Form 4506-T exactly as your name appeared on the original return. If you changed your name, also sign your current name.

A bona fide shareholder of record owning 1 percent or more of the outstanding stock of the corporation may submit a Form 4506-T but must provide documentation to support the requester’s right to receive the information.

Partnerships. Generally, Form 4506-T can be signed by any person who is an authorized representative of the business entity acting in the behalf of a partner or shareholder. Partnership agreement or state law allows that a partner or shareholder has the authority to sign the request.

All others. See section 6103(e) if the taxpayer has died, is insolvent, is a dissolved corporation, or is a trust, estate, guardian, executor, receiver, or administrator. The administrator is acting for the taxpayer.

Note: If you are heir at law, Next of kin, or Beneficiary you must attach the authorization document. For example, this could be the letter from the principal officer authorizing an employee of the corporation or the letters testamentary authorizing an individual to act for an estate.

Signature by a representative. A representative can sign Form 4506-T for a taxpayer only if the taxpayer has specifically directed the representative to sign the form. This can be found in the signature area of line 2. On line 5, list the representative’s name and title. On line 6, list the tax form number for the request.

HEALTH CARE ADVANCED DIRECTIVES
The Patient’s Right to Decide
The following information is being provided from the Agency for Healthcare Administration:
www:ahca.myflorida.com/mchq

Introduction
Every competent adult has the right to make decisions concerning his or her own health, including the right to choose or refuse medical treatment.

When a person becomes unable to make decisions due to a physical or mental change, such as being in a coma or developing dementia (like Alzheimer’s disease), they are considered incapacitated. To make sure that an incapacitated person’s decisions about health care will still be respected, the Florida legislature enacted legislation pertaining to health care advance directives (Chapter 765, Florida Statutes). The law recognizes the right of a competent adult to make an advance directive instructing his or her physician to provide, withhold or withdraw life-prolonging procedures, to designate another individual to make treatment decisions if the person becomes unable to make his or her own decisions and/or to indicate the desire to make an anatomical donation after death.

By law hospitals, nursing homes, home health agencies, hospices and health maintenance organizations (HMOs) are required to provide their patients with written information, such as this pamphlet, concerning health care advance directives. The state rules that require this include 58A-2.0232, 59A-3.254, 59A-4.106, 59A-8.0245 and 59A-12.013, Florida Administrative Code.

Questions About Health Care Advance Directives

What is an advance directive?
It is a written or oral statement about how you want medical decisions made should you not be able to make them yourself. It can also express your wish to make an anatomical donation after death. Some people make advance directives when they are diagnosed with a life-threatening illness and others put their wishes into writing while they are healthy, often as part of their estate planning.

Three types of advance directives are:
• A Living Will
• A Health Care Surrogate Designation
• An Anatomical Donation

You might choose to complete one, two or all three of these forms. This pamphlet provides information to help you decide what will best serve your needs.

What is a living will?
It is a written or oral statement of the kind of medical care you want or do not want if you become unable to make your own decisions. It is called a living will because it takes effect while you are still living. You may wish to speak to your health care provider or attorney to be certain you have completed the living will in a way that your wishes will be understood.

What is a health care surrogate designation?
It is a document naming another person as your representative to make medical decisions for you if you are unable to make them yourself. You can include instructions about any treatment you want or do not want, similar to a living will. You can also designate an alternate surrogate.

Which is best?
Depending on your individual needs you may wish to complete any one or a combination of the three types of advance directives.

What is an anatomical donation?
It is a document that indicates your wish to donate at death, all or part of your body. This can be an organ and tissue donation to persons in need, or donation of your body for training of health care workers. You can indicate your choice to be an organ
donor by designating it on your driver’s license or state identification card (at your nearest driver’s license office), signing a uniform donor form (seen elsewhere in this pamphlet) or expressing your wish in a living will.

**Am I required to have an advance directive under Florida law?**
No, there is no legal requirement to complete an advance directive. However, if you have not made an advance directive, decisions about your health care or an anatomical donation may be made for you by a court-appointed guardian, your wife or husband, your adult child, your parent, your adult sibling, an adult relative or a close friend. The person making decisions for you may or may not be aware of your wishes. When you make an advance directive and discuss it with the significant people in your life, it will better assure that your wishes will be carried out the way you want.

**Must an attorney prepare the advance directive?**
No, the procedures are simple and do not require an attorney, though you may choose to consult one. However, an advance directive, whether it is a written document or an oral statement, needs to be witnessed by two individuals. At least one of the witnesses cannot be a spouse or a blood relative.

**Where can I find advance directive forms?**
Florida law provides a sample of each of the following forms: a living will, a health care surrogate and an anatomical donation. Elsewhere in this pamphlet are included sample forms as well as resources where you may find more information and other types of advance directive forms.

**Can I change my mind after I write an advance directive?**
Yes, you may change or cancel an advance directive at any time. Any changes should be written, signed and dated. However, you may also change an advance directive by oral statement; physical destruction of the advance directive or by writing a new advance directive. If your driver’s license or state identification card indicates you are an organ donor but you no longer want this designation, contact the nearest driver’s license office to cancel the donor designation and a new license or card will be issued to you.

**What if I have filled out an advance directive in another state and need treatment in Florida?**
An advance directive completed in another state, as described in that state's law, may be honored in Florida.

**What should I do with my advance directive if I choose to have one?**
- If you designate a health care surrogate and an alternate surrogate be sure to ask them if they agree to take this responsibility, discuss how you would like matters handled and give them a copy of the document.
- Make sure that your health care provider, attorney, and the significant persons in your life know that you have an advance directive and where it is located. You also may want to give them a copy.
- Set up a file where you keep a copy of your advance directive (and other important paperwork). Some people keep original papers in a bank safety deposit box. If you do, you may want to keep copies at your house or information concerning the location of your safety deposit box.
- Keep a card or note in your purse or wallet that states that you have an advance directive and where it is located.
- If you change your advance directive, make sure your health care provider, attorney and the significant persons in your life have the latest copy.

If you have questions about your advance directive you may want to discuss these with your health care provider, attorney or the significant persons in your life.

**Additional Information Regarding Health Care Advance Directives**
Before making a decision about advance directives you might want to consider additional options and other sources of information, including the following:

- As an alternative or in addition to a health care surrogate, you might want to designate a durable power of attorney. Through a written document you can name another person to act on your behalf. It is similar to a health care surrogate, but the person can be designated to perform a variety of activities (financial, legal, medical, etc.). You may consult an attorney for further information or read Chapter 709, Florida Statutes.
If you choose someone as your durable power of attorney be sure to ask the person if he or she will agree to take this responsibility, discuss how you would like matters handled, and give the person a copy of the document.

- If you are terminally ill (or if you have a loved one who is in a persistent vegetative state) you may want to consider having a pre-hospital Do Not Resuscitate Order (DNRO). A DNRO identifies people who do not wish to be resuscitated from respiratory or cardiac arrest. The pre-hospital DNRO is a specific yellow form available from the Florida Department of Health (DOH). Your attorney, health care provider or an ambulance service may also have copies available for your use. You, or your legal representative and your physician sign the DNRO form. More information is available on the DOH website, www.doh.state.fl.us or www.MyFlorida.com (type DNRO in these website search engines) or call (850) 245-4440.

If you are admitted to a hospital the pre-hospital DNRO may be used during your hospital stay or the hospital may have its own form and procedure for documenting a Do Not Resuscitate Order.

- If a person chooses to donate, after death, his or her body for medical training and research the donation will be coordinated by the Anatomical Board of the State of Florida. You, or your survivors must arrange with a local funeral home and pay for a preliminary embalming and transportation of the body to the Anatomical Board located in Gainesville, Florida. After being used for medical education or research, the body will ordinarily be cremated. The remains will be returned to the loved ones, if requested at the time of donation or the Anatomical Board will spread the remains over the Gulf of Mexico. For further information contact the Anatomical Board of the State of Florida at (800) 628-2594 or visit their website at www.med.ufl.edu/anatbd.

- If you would like to read more about organ and tissue donation to persons in need you can view the Agency for Health Care Administration’s website at www.fdhc.state.fl.us (Click on “Site Index,” then scroll down to “Organ Donors”) or the federal government site www.organdonor.gov. If you have further questions you may want to talk with your health care provider.

- Various organizations also make advance directive forms available. One such document is “Five Wishes” that includes a living will and a health care surrogate designation. “Five Wishes” gives you the opportunity to specify if you want tube feeding, assistance with breathing, pain medication and other details that might bring you comfort such as what kind of music you might like to hear, among other things.
