November 11, 2015

To: The Governor of the State of Florida, Members of the Cabinet, the President of the Senate, and the Speaker of the House of Representatives

I am deeply honored to submit the 2015 annual report for the Florida Department of Veterans' Affairs. The report showcases the dedication, commitment and hard work of our stellar team of steadfast FDVA professionals and the unparalleled support we received from our partners at the federal level for Fiscal Year 2014 – 2015.

As I look back on the events of 2015, I am especially proud of our state's efforts to commemorate the 70th anniversary of the end of World War II.

During the war, 16 million Americans served in uniform, including 248,000 from Florida. Many more Floridians served on the home front, from shipyards and factories to local USOs.

We partnered this year in an initiative called *Victory Florida*, to honor the selfless service of the nearly 100,000 World War II veterans who currently reside in the Sunshine State. We were happy to participate and add our agency's contribution to the historic narrative of the period.

With an initial budget of \$150,000, the State of Florida in 1945 recognized the need to provide services to returning service members and created a division within state government to connect veterans with their earned federal and state benefits. To better serve veterans and their families, Florida voters in 1988 overwhelmingly approved a Constitutional Amendment to create a Cabinet Agency to "Honor Those Who Served U.S."

Today, the Florida Department of Veterans' Affairs is the premier point of entry for Florida veterans to access earned services, benefits and support. We serve the nation's third largest veterans' population with more than 1.5 million veterans residing in the Sunshine State.

FDVA plays a significant role in the direct infusion of more than \$15.7 billion annually for veterans into Florida's economy through federal compensation, education and pension benefits, U.S. Department of Veterans Affairs' medical services and military retired pay.

We believe increasing the quality of life for our veterans and their families through superior services, benefits and support is the noblest of callings. Florida offers unique benefits such as in-state tuition rates for veterans and their families using the Post-9/11 GI Bill, several layers of property tax exemptions, expanded veterans' preference, and extensive benefits, licensure and fee waivers for many activities and occupations.

Let us never forget our veterans, and their families, through whose selfless service and sacrifice we enjoy freedom and liberty. We honor their service.

FDVA's main administrative office is in Largo, with a satellite office in Tallahassee, and its two primary program areas are located throughout the state:

- The Division of Veterans' Benefits and Assistance, providing professional assistance to Florida veterans and their dependents in obtaining financial benefits and health care treatments from the VA;
- The State Veterans' Homes, providing comprehensive, high-quality health care to eligible veterans in need of long-term skilled or assisted living care.

Florida Veterans by Service Era

- WWII: 94,940
- Korean Conflict: 169,078
- Iraq/Afghanistan: 233,293
- Peacetime: 408,424
- Gulf War: 460,144
- Vietnam: 515,110

Note: Includes veterans who served in more than one conflict.

1LT Ruby Fischer (Lassen SVNH) WWII 94,940 (5%) In the 1940's WWII veterans were among the nation's first to participate in modern warfare. Their service also coincided with major advances in modern medicine, resulting in a then extraordinary survival rate.

SFC William Probst (Bennett SVNH) Korean 169,078 (9%)

As these veterans have aged, benefits and services that address a variety of issues unique to their demographic, including the changing health risks and long neglected mental health needs, financial challenges and long-term care needs are being implemented.

1LT Lois Jones (Lopez SVNH)

Peacetime 408,424 (22%) Almost a quarter of the Florida's veteran population served honorably during a very unique and relatively conflict free time in our history. Many of these veterans do not seek benefits, mistakenly believing that if they did not serve in combat, then they must not qualify for veteran benefits and programs.

SMSgt Erik Dupree FDVA Veterans' Claim Examiner Gulf War I 460,144 (25%)

Urban warfare has changed not only the face of war, but also what our veterans face after the war. With advances in technology and medicine, more service members are surviving injuries incurred in war that would have killed them in previous eras.

Capt. Colleen Krepstekies Legislative/Cabinet Affairs Director Iraq/Afghanistan 233,293 (12%) While more veterans are returning home from battle, that also means that more veterans are learning to live with catastrophic conditions that previous generations never before had to face. Research suggests that 10% to 18% of these troops are likely to have Post-Traumatic Stress Disorder (PTSD) after they return.

MSgt John Milam (Sims SVNH)

Vietnam 515,110 (27%) Forty years after the end of the Vietnam War, the agency has seen a heavy increase in disability claims filed on behalf of Vietnam veterans due to triggered responses to the current wars and the manifestation of acute diseases brought on by exposure to Agent Orange.

Division of Veterans' Benefits and Assistance

The Division of Veterans' Benefits and Assistance provides professional assistance to Florida's veterans and their dependents in an effort to obtain financial benefits and health care treatment from the USDVA. Success is measured by the number of veterans the department assists and the number of issues resolved for those veterans. "Assistance" is seen in a variety of components, including medical treatment, prescriptions, prosthetic devices, benefit checks, school program approval, veterans' preference investigations and determinations, voter registration, and disseminating veteran data to the public.

The Division is comprised of a Division Director, support staff, and three Bureaus: Bureau of Veterans' Claims and Assistance, Bureau of Field Services and Bureau of State Approving Agency. Also, included within the Bureau of Veterans' Claims is Veterans' Preference.

The Division's Veterans' Claims Examiners (VCEs) are trained in the myriad of issues facing veterans who served in World War II through today's conflicts, with each era having unique issues and challenges. Each day finds VCEs offering assistance and guidance at Transition Assistance Program briefings for separating service members, congressional veterans' appreciation days, Homeless Veteran Stand Downs, and veteran service organization gatherings. We are proactive in our services to Florida's veterans, yet of the 1.5 million veterans in Florida, fewer than 300,000 currently receive VA service-connected compensation and pension benefits (not to be confused with military retirement benefits.) Efforts to reach these veterans, counsel them regarding benefits they may have earned, and assist them in garnering those benefits are expanding. For every state dollar expended for this division, more than \$128 of federal monies are brought into Florida.

The Bureau of Veterans' Field Services provides benefits counseling services to inpatients and outpatients in 31 of the USDVA's medical facilities in Florida and State Veterans' Homes, as well as outreach activities for FDVA throughout the state. Field Services also assists in staffing the state's Disaster Recovery Centers when established by the Division of Emergency Management. The Bureau's primary responsibility is to help veterans initiate, develop, submit, and prosecute claims and appeals for state and federal veteran benefits. The focus of Field Services is face-to-face contact with the client and the resolution of any number of issues related to the submission of claims for compensation, pension, or medical care.

The VCEs of the Bureau of Veterans' Field Services work closely with patient advocates in VA Medical Centers. They also perform extensive outreach, and help veterans navigate the confusing and cumbersome process to obtain benefits from the USDVA. The services can result in monetary benefits, but often result in determining, verifying, and obtaining eligibility for medical treatments, medications, wheelchairs, hearing aids, ambulance bill reimbursements, lost check replacements prosthetics, and other, non-monetary--yet valuable--benefits within the VA system. This service provides Florida veterans with significant economic value.

> State Archives of Florida, *Florida Memory*, https://floridamemory.com/items/show/161478

The Bureau of Veterans' Claims Services provides counseling and assistance to veterans, their dependents and survivors, with the preparation, submission, and prosecution of claims and appeals for state and federal benefits as well as applications to correct military records. The bureau also supports the VA's initiatives of Homeless Outreach, Women Veterans' Integration, and 'Fully Developed Claims' program.

The Bureau's primary responsibility is to work directly with the decision resources in the USDVA Regional Office to expedite claims and to influence, through proactive advocacy, the most positive outcome. To this end, Veterans' Claims Services provides a quality control function by reviewing completed USDVA benefits rating decisions and paralegal due process assistance in the prosecution of veterans' disagreements with and appeals of USDVA rating decisions and debt identification and relief.

The Bureau is also charged by statute to train and certify County Veterans Service Officers. To maintain proficiency with the rapid changes in veterans' programs, the bureau provides training twice a year during the counties' semi-annual conferences.

The Bureau of State Approving for Veterans' Training (State Approving Agency/SAA) SAA is charged under the provisions of Title 38, United States Code (USC), and the federal contract entered into between FDVA and the USDVA and governed by Section 295.124, F.S. This Bureau is 100% federally funded. The Bureau reviews, evaluates, and approves programs of veterans' education at Florida's institutions of higher learning and non-college degree schools for participation in VA Education Benefit programs. GI Bill-eligible veteran flight training and employer On-the-Job and apprenticeship training also fall under the SAA's purview.

Education is one of the keys to the successful transition from active-duty to veteran status. Certifying quality programs in the state, and encouraging the use of Post-9/11 GI Bill benefits for those programs, is emphasized in all FDVA outreach activities. Attracting and keeping a young, educated veteran population is good for all of Florida.

Division of State Veterans' Homes

The State Veterans' Homes Program provides comprehensive, high-quality health care on a cost-effective basis to eligible veterans in need of either long-term skilled nursing care or assisted living services. Care is provided to veterans with qualifying war or peacetime service, who are residents of Florida preceding admission, and who require skilled care as certified by a USDVA physician. Admission criteria are based on the need to maintain a safe environment for all residents. The skilled nursing and assisted living homes only admit those veterans whose needs can be met within the accommodations and services it provides with consideration for all residents.

Assisted Living level care is provided at the Robert H. Jenkins Jr. State Veterans' Domiciliary Home in Lake City, and includes rehabilitative assistance and other therapeutic measures to eligible ambulatory veterans who are not in need of hospitalization or skilled nursing services. The focus of care in the Domiciliary Home is preparing veterans to function at their highest level of independence. A multidisciplinary approach is followed with the veterans participating in the established care plan.

A touching moment on 4th of July.

Skilled nursing home care provides full-service, long-term residential nursing care to eligible veterans in the six State Veterans' Nursing Homes. The homes are supervised 24-hours daily by registered and licensed nurses. Five of the six skilled nursing facilities operated by FDVA have dementia-specific wings. FDVA operates nursing homes in Daytona Beach, Land O' Lakes, Pembroke Pines, Panama City, Port Charlotte and St. Augustine.

Comprehensive services and a deep concern for all veterans go hand in hand at our FDVA nursing homes. Around-the-clock medical and nursing care is provided by a full-time staff of registered nurses, licensed practical nurses and certified nursing assistants. Rehabilitative services, such as occupational and physical therapies, speech therapy, and recreational activities are provided under the direct supervision of licensed therapists. A variety of on- and off-site recreational and social activities are provided to encourage active minds, bodies, and spirits, and slow the process of physical and mental decline. A wide range of other medical services is also offered. These include dental, podiatric, and dermatological care. In spacious dining rooms,

residents are provided with wholesome meals prepared under the supervision of licensed dietitians. The State Veterans' Home Program has a proud tradition of concern and commitment to the veterans. We remain at the forefront in ensuring that the level of care and services provided to our veterans meets or exceeds the highest standards in an environment that enhances the quality of life of each veteran.

Governor Rick Scott with Executive Director Mike Prendergast presenting the Governor's Veterans Service Medal Award to each resident in their home. Residents look forward to this special honor with the Governor.

Note: Detailed individual facility reports are included as Appendices.

State Veterans' Homes Program Occupancy Rates

During Fiscal Year 2014-2015 the average occupancy rate for State Veterans' Homes in operation two years or longer was 98.7%. Assisted living facilities traditionally operate at a lower occupancy than skilled nursing facilities, and the department is proud to announce the Robert H. Jenkins Jr. State Veterans' Domiciliary Home in Lake City brought their occupancy rate above the 90% performance measure goal for the first time since they opened in 1990.

Quality of Care

CMS enhanced its Nursing Home Compare public reporting site to include a set of quality ratings for each nursing home that participates in Medicare or Medicaid. The ratings take the form of several individual ratings and one overall comprehensive rating for each home, five stars being the highest and one star being the lowest. Overall ratings of five stars place a facility at the top ten percent of all rated facilities in their state. The primary goal of the rating system is to provide residents and their families with an easy way to understand the assessment of nursing home quality, making meaningful distinctions between high and low performing nursing homes.

FDVA is excited to announce that five of our six skilled nursing facilities have been recognized with this five star rating (Pembroke Pines, Panama City, Port Charlotte, Land O' Lakes, and St. Augustine.) The remaining one has been rated at three stars (Daytona Beach.) We are proud of the quality of care provided to our residents, in a warm, caring home-like atmosphere.

Residents participate in the Annual Fishing Trip on the St. John's River sponsored by the Elk's Lodge

The State Veterans' Homes have made significant progress in standardizing clinical standards and procedures, resulting in residents receiving thorough consistent care. Continuity of care is of the utmost importance when caring for the elderly. At each of the Homes there is an emphasis on providing the same care givers (RNs, LPNs, and CNAs) on a daily basis. Providing consistent caregivers affords the resident and caregiver the opportunity to establish a strong bond, resulting in outstanding outcomes. The relationships between caregiver and resident become very special over a period of time.

Department Recognitions

The department's outreach and branding campaign received the Abraham Lincoln Pillar of Excellence Award from the U.S. Department of Veterans Affairs in February 2015. (See image) The award for best state practice was presented by VA Secretary Bob McDonald to FDVA Communications Director Steve Murray and FDVA Deputy Executive Director Al Carter at the 2015 Mid-Winter Conference of the National Association of State Directors of Veterans Affairs in Washington, D.C.

The Prudential Productivity Awards are made possible through the generosity of Prudential, and the vision of the late J. E. Davis and A. D. Davis, co-founders of Florida TaxWatch. Since 1989 Florida TaxWatch has publically recognized and rewarded state employees and work units whose work significantly and measurably increases productivity and promotes innovation to improve the delivery of state services and save money for Florida taxpayers and businesses.

In Fiscal Year 2014-15, FDVA was honored to be recognized by the awards committee, with two work units being recognized as Prudential Productivity Award winners:

FDVA Governor's Veterans Service Award Team

FDVA Homes Program-Activities Volunteers

The Governor's Gold Seal Award program was established in 2002, and developed and implemented by the Governor's Panel on Excellence in Long-Term Care, composed of persons appointed by the Governor's Office,

Agency for Health Care Administration, Department of Health, Department of Elder Affairs, Florida Association of Homes for the Aging, Florida Health Care Association, Florida Life Care Residents Association, and the State Long Term Care Ombudsman. Gold Seal recipients must demonstrate a long standing quality of excellence, with over 30 months of data and surveys scrutinized. They must meet a quality of care scoring and ranking placing them in the top ten percent of their region or top fifteen percent in the state as well as be a 5-star facility in the CMS Nursing Home Guide. The Clifford Chester Sims State

Veterans' Nursing Home in Panama City has been recognized as such a home of distinction. FDVA is proud that the care we offer our veteran residents, and the caring environment we provide. Our homes are truly 'home' for these men and women.

Our Fiscal Impact

See Appendix VII for detailed fiscal information.

Appendix I

Actions Taken Relevant to Florida Statutes

§ 292.05(4), F.S. The Department may apply for and accept funds, grants, gifts, and services from the state, the United States Government or any of its agencies, or any other public or private source and may use funds derived from these sources to defray clerical and administrative costs as may be necessary for carrying out its duties.

State Approving for Veterans' Training

FDVA maintains a contract with the USDVA to provide for State Approving for Veterans' Training. Costs are reimbursed 100% by the USDVA and include coverage of clerical and administrative expenses of the Bureau.

State Veterans' Homes

The State Veterans' Domiciliary and Nursing Homes operated by this department apply for and receive federal funds from the USDVA for per diem as well as construction and renovation grants. The Homes also accept funds from Medicare/Medicaid, Hospice, private insurance, and individual residents in the form of co-payments for services rendered. The Homes also accept cash donations as well as gifted items and services for the benefit of the residents.

§ 292.05(5), F.S. The Department shall conduct an ongoing study on the problems and needs of those residents of this state who are veterans of the Armed Forces of the United States and the problems and needs of their dependents. The study shall include but not be limited to:

- A survey of existing state and federal programs available for such persons that specifies the extent to which such programs presently are being implemented, with recommendations for the improved implementation, extension or improvement of such programs.
- A survey of the needs of such persons in the areas of social services, health care, education and employment, and any other areas of determined need, with recommendations regarding federal, state and community services that would meet those needs.
- A survey of federal, state, public and private moneys available that could be used to defray the costs of state or community services needed for such persons.

FDVA continually surveys its constituency through feedback garnered while counseling thousands of veterans, receipt of training critiques, participation on numerous veteran-related governmental committees, regular meetings with veterans' organizations and their leadership, and as possible analyses of official USDVA data and reports. The Bureau of Information and Research, intended by the legislature to perform this task full time, has never been funded. FDVA regularly attends Florida Veterans Council meetings with veteran service organization representatives throughout the state as a best-effort to not only gather information on veterans and their needs, but to disseminate information on available benefits to as many veterans as we can reach.

§ 292.05(7), F.S. The Department shall administer this chapter and shall have the authority and responsibility to apply for and administer any federal programs and develop and coordinate such state programs as may be beneficial to the particular interests of the veterans of this state.

State Approving for Veterans' Training

Under the provisions of Title 38 USC, and the contract maintained between the FDVA and the USDVA, State Approving for Veterans' Training is charged with inspecting, approving and supervising programs and courses offered by accredited and non-accredited educational institutions (public and private). A list of such educational institutions and specific courses which it has approved is furnished to the USDVA Regional Office at Bay Pines so that eligible veterans or other eligible persons enrolled in such courses may receive veterans' education benefits.

State Veterans' Homes Program

The Department operates the State Veterans' Domiciliary Home in Lake City, and State Veterans' Nursing Homes in Daytona Beach, Land O' Lakes, Pembroke Pines, Panama City, Port Charlotte, and St. Augustine. The Homes' Program may apply to receive federal funds that provide for the needed facility renovations and monthly per diem for eligible residents for the cost of care.

The total number of beds currently available in the State Veterans' Homes Program is 870. Of those, 720 are nursing home beds. The veteran population over 65 years old in Florida is estimated to be 785,255 according to USDVA National Center for Veterans Analysis and Statistics. Florida's Agency for Health Care Administration reported Florida has a total of 83,395 nursing home beds and an over-65 population total of more than 3.5 million. Florida Department of Elder Affairs estimates more than half a million Alzheimer's or related dementias patients in Florida. The current population demonstrates a on going need for more beds. The construction of new State Veterans' Nursing Homes is subject to approval by the Governor and Cabinet, with 35% of the funding provided by the Florida legislature and 65% of construction costs matched by the USDVA.

Veterans' Preference in Hiring and Retention

§ 295.07, F.S. provide that the state and political subdivisions accord preferences in appointment, retention, and promotion to eligible veterans. § 295.11, F.S. tasks FDVA, upon written request of any eligible person, to investigate complaints alleging violation of veterans' preference rights.

FDVA continues to evaluate the trends and conditions that are evolving in our state. Adjustments to FDVA's long-range plans are made to better meet the needs of Florida's veteran population.

Florida Veterans Foundation

The Florida Veterans Foundation (FVF) was created by the 2008 Legislature as a Direct Support Organization of the Florida Department of Veterans' Affairs. As a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code, all donations to the Foundation go to support Florida veterans and their families. Information is available at <u>www.FloridaVeteransFoundation.org</u>.

Foundation highlights this fiscal year:

- \Rightarrow The Foundation received 380 direct requests for financial assistance in Tallahassee and approved 202.
- ⇒ The Foundation provided direct financial assistance to veterans totaling \$210,402 (Ref. 2015 Audit), covering, but not limited to, items such as housing, emergency housing, utilities, identification documents, and transportation.
- ⇒ The Foundation raised \$222,381 (Ref. 2015 Audit) for general revenue and \$105,942 (Ref. 2015 Audit) for two Homeless Veterans Stand Down events. The events offer a variety of services to area homeless veterans, including medical and dental care, hygiene, stand down courts/legal services, employment services, clothing, permanent/temporary housing, claims preparation/processing services and transportation.
 - In April the North Florida Homeless Veterans Stand Down in Tallahassee assisted 250 veterans and utilized more than 650 volunteers from 75 Federal/State/County/City agencies.
 - In May more than 800 volunteers from 124 agencies assisted 255 veterans at the South Florida Homeless Veterans Stand Down in Miami.
 - ♦ The Foundation also provided \$5,000 in financial support to the Ocala Homeless Veterans Stand Down and provided tents/lights/cots to the Pasco County Homeless Veterans Stand Down.
 - The main goal of each of these events was to provide desperately needed services and support to homeless veterans with respect and dignity.
- ⇒ The Foundation provides funding (\$20,000) for the printing of the FDVA Veterans Benefits Guide, distributed by all FDVA Veterans' Benefits personnel as well as County Veterans Service Offices, VA Hospitals and clinics, military bases, as well as other public and private entities throughout the state. More than \$8,500 was provided to support the Florida Veterans' Hall of Fame.

Appendix IV

Florida is for Veterans, Inc. (d/b/a Veterans Florida) was established by the State in 2014 as part of the Florida GI Bill. Veterans Florida's mission is to attract and retain veterans and their families by connecting them to employment, training, and educational opportunities, strengthen Florida businesses by educating them on the value and skillsets Veterans bring to the workforce and providing training resources for their Veteran hires, and enhance the entrepreneurial skills of Veterans. The Governor, Speaker of the House, and Senate President appointed the Board of Directors in October 2014.

Veterans Florida staff made their headquarters in Tallahassee in March 2015 and received approval from the Legislative Budget Commission in September 2015 to launch two veterans programs. The **FL VETS Business Training Grants Program** expecting to begin in November 2015 will provide Florida businesses with grants to train and educate full-time, military veteran employees. In addition, Veterans Florida's Board of Directors will select five State Universities to participate in the **FL VETS Entrepreneurship Program**, which will give veterans who are seeking to start their own business the opportunity to connect with local businesses and resources and

provide them with assistance through peer-to-peer learning sessions, mentoring, technical assistance, business round tables, networking opportunities, support of student organizations, speaker series, or other tools within a live and virtual environment.

For the future, Veterans Florida is aligning partners to create a statewide network where agencies, public-private partnerships, businesses and service providers will collaborate to ensure Florida veterans and veterans seeking to relocate to the state can attain the resources they need. Veterans Florida's website went live at veteransflorida.org in July 2015 and a national marketing campaign is scheduled to begin in early 2016. Veterans Florida efforts uphold Florida's reputation as the most veteran friendly state.

FIRST MUSTER AT SAINT AUGUSTINE - A Florida National Guard Painting by Jackson Walker, 1992

The "first muster" of militia troops took place in St. Augustine on Sept. 16, 1565, when Pedro Menendez de Aviles gathered around him the soldiers of his small Spanish army, as well as the civilian settlers who had accompanied him to the newly established presidio town of St. Augustine. Florida's veterans trace their legacy of service back to this important milestone in the nation's history and the Florida Department of Veterans' Affairs is proud to serve the generations of veterans who have followed in their footsteps.
