

The Site Selection Committee has received a request that from a proposer that an opportunity be given to it to make a short summary final presentation of the merits of its site(s) before the deliberations of the committee begin on Tuesday, July 1, 2014.

FDVA has considered request and has decided it is in the best interest of the committee to receive the widest possible range of information and data available about each site under consideration and therefore to permit each county proposer the opportunity to make a such a summary presentation to the Committee under the following conditions:

1. Any such presentation shall be **an optional** opportunity on the part of the county; not a mandatory requirement.
2. The total county presentation may not exceed a total of ten (10) minutes in length.
3. Counties offering two sites will be limited to the single 10-minute presentation time period. (This means, if a county submitted two proposals, they must present both proposals within the 10 minutes allotted each county.)
4. **Any presentation written materials or other required reports or documents required by the application (not otherwise now received by FDVA) must be submitted to my office no later than 5:00 p.m. Monday, June 30, 2014 to be considered by the committee.**
5. **The committee reserves the right to ask such questions or make such inquires as it deems necessary and prudent on information or data offered in this presentation.**

**The presentation may be verbal using the agenda call-in number or in person at the election of the County.**
