

## About FDVA

Watching over and advocating for Florida's more than 1.5 million veterans are the men and women of the Florida Department of Veterans' Affairs. The cabinet agency is responsible for assisting, without charge, Florida's veterans, their families and survivors in improving their health and economic well-being through quality benefit information, advocacy, and education.

FDVA's two primary program areas include Benefits and Assistance with staff conducting outreach throughout the state to help veterans connect with their earned benefits and services. Its second primary program is operating the Homes Program running six skilled nursing facilities and one assisted living facility.
