Requesting Military Records – COVID-19 Delays

The National Personnel Records Center is closed due to the COVID-19 pandemic. They will continue servicing emergency requests associated with medical treatments, burials and homeless veterans trying to gain admittance to a homeless shelter.

Please refrain from submitting non-emergency requests such as replacement medals, administrative corrections, or records research until they return to pre-COVID staffing levels.

Compensation and Pension (C&P) Disability Examinations

The U.S. Department of Veterans Affairs (VA) seeks to raise awareness of availability and access to Compensation and Pension (C&P) disability examinations.

Although the pandemic has caused more than 200K examinations to accumulate, we have safely resumed in-person exams everywhere in the country and will schedule them as soon as possible using all applicable Center for Disease Control (CDC) safeguards. In addition, VA has implemented policy changes that enable broader use of the virtual Tele-C&P and Acceptable Clinical Evidence examination modalities by both the Veterans Health Administration (VHA) and Veterans Benefits Administration (VBA) contract examiners.

VA has a dedicated website related to its resumption of in-person C&P examinations, and other websites that have answers to commonly asked questions about the examination process. Visit VA claim exam | Veterans Affairs for information ranging from what to expect at a VA examination, how to schedule an examination, and what happens after an examination. Information on VA’s Disability Compensation benefits can be found at Compensation Home (va.gov).
VA extends existing moratoriums on evictions and foreclosures and extends loan forbearance opportunities

WASHINGTON — The U.S. Department of Veterans Affairs (VA) has extended the existing moratorium on evictions and foreclosures, as well as extend VA loan forbearance requests, to June 30, 2021, because of COVID-19.

“We will do everything in our power to help Veterans, their families, survivors and our caregivers get through this pandemic,” said VA Secretary Denis McDonough. “The department’s moratorium and forbearance extensions support President Biden’s Jan. 22 Executive Order to deliver economic relief to Americans amid the COVID-19 crisis by addressing economic hardships the Veteran community faces, through no fault of its own, during the ongoing pandemic.”

VA borrowers experiencing financial hardship due to COVID-19 can review VA guidance for borrowers or call 877-827-3702 for additional information.

VA offers continued debt relief options to Veterans

WASHINGTON — The U.S. Department of Veterans Affairs (VA) reaffirms its commitment to extend debt relief for Veterans through Sept. 30, 2021.

VA will continue suspension of collection on all Veteran benefit overpayments and medical copayment debts incurred after April 1, 2020.

VA is suspending this debt collection to provide Veterans continued financial relief due to the COVID-19 pandemic.

To assist with making informed choices for their situation, VA will notify Veterans of the existence of their current debt and available expansive relief options. These options include making payments, extending repayment plans, waivers, compromises and temporary hardship suspensions.

Veterans and beneficiaries with questions regarding benefit overpayments can see frequently asked questions, go online to submit requests or call 800-827-0648. Call volume is generally lower Tuesday-Friday.

For health care co-payment debts, Veterans should contact the Health Resource Center at 866-400-1238 for payments.
