Students from military families experience academic and social-emotional challenges as they relocate to new schools due to a parent's change in duty station. In order to assist students from military families with this transition, the bill requires the Department of Education (DOE) to establish a Purple Star Campus Program (program) that identifies schools that support military-connected children, including public schools, charter schools, and schools participating in the Florida educational choice scholarship program.

Under the program, schools will be recognized as Purple Star Campuses if they meet the following requirements:

Designate a staff member as a military liaison;

- Maintain a webpage on the school's website which includes resources for military students and families;
- Maintain a student-led transition program to assist military students in transitioning into the school;
- Offer professional development training opportunities for staff members on issues relating to military students; and
- Reserve at least five percent of open enrollment seats for military-connected students.
